PERSONAL PROJECTS

Gaming Website for Gamers (05/2020 - 07/2020)
○ This website is like a social media platform for all the gamers where they can share their views on the latest gaming news and the latest game launch, which is hosted at https://akshaygupta28.github.io/OPgamer.github.io/

Book an affordable on-demand housekeeping service (02/2020 - 02/2020)
○ The "maid system" in our country is very unstructured and it is causing inconvenience to both maids and consumers. We created a website in Sharda hackathon to solve this prominent household the problem, i.e., hire a temporary housekeeper/maid at an affordable price.

Portfolio website for photographer (12/2019 - 01/2020)
○ This was my first web project which I had built for a photographer, where he could showcase his photography work and manage his portfolio. Website: https://akshaygupta28.github.io/Photographer/
